Note <sup>1</sup> : Comparative General Education Course Equivalencies from the <b>Comprehensive Articulation Agreement (CAA)</b> among NC					
Community Colleges and the 16 campuses of the Consolated University of North Carolina may be viewed at: <a href="http://www.northcarolina.edu/content.php/assessment/reports/students_inor/caa.htm">www.northcarolina.edu/content.php/assessment/reports/students_inor/caa.htm</a> .					
Note <sup>2</sup> : Where Campbell University has indicated a course as an *ELE transfer, it is usually because the equivalent course at Campbell is taught at the 300-level. Campbell University does not accept in tranfer any courses numbered 300 or above in our bulletin. Departments and schools within the Univeristy have the option of waiving certain requirements in lieu of the completion of a course with an ELE suffix. Exceptions, however, are rare and must be approved by the department and appropriate dean.					
Note <sup>3</sup> : What this matrix does not address is the myriad courses that CU will accept from the COMMON COURSE CATALOGUE of the Community College system, nor does it address courses that we will accept toward the Bachelor of Applied Science or Bachelor of Health Science. What it DOES show is how CU compares to UNC Insitutions in accepting general education and/or core specific courses.
